

NASW-Illinois Chapter Supervisor Registry

Edition 26.8

Policy and Criteria for Inclusion in the Registry

Each supervisor listed on the NASW Illinois Chapter Supervisor Registry must meet the following criteria:

- Successfully complete the four hour Fundamentals of Clinical Social Work Supervision Course provided by the NASW-Illinois Chapter. Clinical supervision courses which are provided by continuing education sponsors other than the NASW-Illinois Chapter are NOT eligible for the purposes of this registry.
- Be a licensed clinical social worker (LCSW) in good standing with IDFPF at the time of listing in the NASW-Illinois Chapter Supervisor Registry.

The registry is sorted into two categories: Supervisors who are NASW members and supervisors who are nonmembers. It is then sorted in alphabetical order by the social worker's last name followed by first name.

Tip! While the best supervisor for you will be unique to you, we recommend using the "Control +F" function (search for a string of letters) and searching for either a supervisor in a city nearest you or by language/specialty.

Disclaimer

Program participants listed in this registry supplied all personal information contained in the following pages. The NASW-Illinois Chapter is not responsible for the accuracy of the information contained in this document. Supervisors should confirm license status with the Illinois Department of Financial and Professional Regulations (IDFPF) prior to obtaining supervision. Listing in this document does not denote endorsement or recommendation by the NASW-Illinois Chapter; rather it only indicates that listed social workers meet criteria for inclusion in this registry. NASW-Illinois Chapter reserves the right to cancel this website directory at any time for any reason. Completion of the course does not guarantee your inclusion nor guarantee your listing will remain on the NASW-IL website.
